Elementary School

HOME OF THE  
BUDDING BLUE EAGLES

**October 23, 2018 6-8pm**

**NIGHT**

## REUSE, RECYCLE, REPURPOSE CRAFT CONTEST

Get that engineering and creativity flowing **before STEAM night!** Students and their families can work together at home to create **a new functional item or art piece** out of broken or recyclable materials. Their new creation will be on display at STEAM night from 6-8pm. Students and families will vote on which art piece or functional item is their favorite. **The two projects with the most votes** will be announced at school the next day and **will receive a \$25 gift card to Barnes & Noble.**

### TO ENTER:

**All items must be submitted on Monday October 22nd.**

**All entries need to be labeled with a 3x5 card containing:**

- Student's name
- The student's teacher
- The category (either a tool or art piece)
- A brief description of name of the project

**All items must be taken home on October 24th, via parent pick up or on the bus.**

Scholastic Book Fair will also be that night so come and shop for books too!

Join us and discover some of the fun activities we have planned...

**What does vinegar do to egg shells?**

**What's buzzing with bees?**

**What is a spotted lantern fly?**

**How much energy does it take burn off a gummy bear?**

**Stop and go movie?**

**What can you create with string?**

**How can I see stars in my room?**

**What's that smell?**

**How far can my puff ball fly?**

**How high does that foam go?**

...as well as many other fun activities!
